INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1943 edition of the Durham City Directory, which also includes Bragtown, Hope Valley, Rockwood, Tuscaloosa Forest and Sherron Acres.

Confidence in the continued growth of Durham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Durham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Durham Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 400, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Durham and vicinity, and the name, official personnel, nature and address of each firm and corporation. A feature of this section is the designation of the number of children under Directory-listing age in each household.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 64, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Durham and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Durham, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 465 to 503, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Classified and is separately paged from 1 to 81. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Durham and vicinity.

The Durham Directory Library

Through the courtesy of the publishers of the Durham City Directory, a Directory Library is maintained in the offices of the Durham Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORY

In April, 1865, at a log cabin known as the Bennett Place, near Durham Station, there occurred one of the most historic events in the history of the nation. Lee had surrendered at Appomattox, and the future looked dark indeed for the Southern states. Jefferson Davis and his cabinet had escaped to Greensboro, North Carolina, and there had held fiery debate as to the advisability of continuing the Civil War. Some members of the cabinet favored continuing hostilities at any cost, even though it meant carrying on a guerrilla warfare, while others took the position that the cause of the Confederacy was forever lost and that no good could be accomplished by further bloodshed. Finally it was decided to instruct General Joseph E. Johnston, commander of the Confederate Armies of the Carolinas, Georgia and Florida, to negotiate terms of peace with General Wm. Tecumseh Sherman, commander of the Federal Army that had broken the backbone of the Confederacy by reason of its famous march to the sea. These two generals met at the Bennett Place and signed a tentative peace agreement. This agreement was so favorable to the South that General Grant refused to approve it, but after several days' conference, it was amended to meet General Grant's demands and was signed and approved by the governments of the North and South, and the War between the States came to a close.

Marking the place of surrender, just four miles from Durham, there has been erected, through the generosity of Mrs. S. T. Morgan, a beautiful monument consisting of two columns, one representing the North and the other the South, joined together by a cross-piece on which is the word "Unity." This historic spot, the birthplace of a reunited nation, is visited each year by thousands of people.

Graduate Dormitory Tower, Duke University

The death of the Confederacy gave birth to the city of Durham, and out of the ashes of the hopes of the Southern people has been built a great and beautiful city. In 1865 Durham Station was a small and insignificant point on the North Carolina Railroad, inhabited by less than 100 persons. There was one lone business enterprise here, a crude and unimportant tobacco factory with total assets of less than \$2,000, including not only products on hand, but representing also the entire investment and replacement. History and tradition unite in saying that this factory was broken into by Sherman's soldiers and a large part of the stock carried away. Tradition further says that the product carried away was so well made and of such quality that when the soldiers returned to the pursuit of civil life, letters came back to Durham to ascertain if there was more of the product upon the market. To supply this demand a broken business was rebuilt.

In 1865 Washington Duke, a Confederate soldier, walked from New Bern to his home in Durham, and with the same stout heart that had carried him through the vicissitudes of a lost cause, turned his attention to the battle for bread, which was doubtless as cruel and bitter as the war from which he had returned. He built the second factory in Durham, composed of a log cabin 20 x 30 feet, and with his own hands manufactured a product out of a small supply of tobacco that the Federal soldiers had not found. This he called *Pro Bono Publico*. The annual output of this factory was originally four or five hundred pounds, and in 1872 had grown to 125,000 pounds.

In the meantime, W. T. Blackwell had moved to Durham to engage in the tobacco business. He was to the early development of the tobacco industry in Durham what Napoleon was to France, or Caesar to Rome. The Durham Bull got upon the map and in a few brief years his sonorous voice, like the shot at Lexington, was heard around the world. In 1872 the two small tobacco factories had grown into twelve.

James Buchanan Duke, becoming convinced that it was neither practicable nor profitable to compete with Bull Durham smoking tobacco, turned the vision of his great genius into the cigarette field, and from that day to the present hour the increasing volume of the tobacco industry has become the common property of mankind.

On April 10, 1869, almost exactly four years after Johnston surrendered to Sherman, Durham was born. There were only 258 inhabitants in the village, and the total municipal revenue was \$357.44. The largest taxpayer paid 40.62 in taxes. In 1870 there were probably less than 100 wage-earners in industrial pursuits in the town.

The tobacco industry grew at a very rapid rate, using large quantities of bright-leaf tobacco. While much of this type of tobacco was grown around Durham, it was sold at tobacco

markets in Richmond and other Virginia cities, and local manufacturers had to pay the cost of transporting the tobacco from Virginia to Durham. This condition made desirable the opening of warehouses for the sale of leaf tobacco in Durham, and resulted in this city becoming one of the largest bright-leaf tobacco markets in the world, now selling from 35 to 57 million pounds each season.

During all this time there were no banks in the town, practically all the banking being transacted in Raleigh, and on days of big sales at the tobacco warehouses it was necessary to obtain cash from the merchants in order to pay the farmer for his product. Such inconveniences could not long continue, and soon two banks were established.

View of Main Street, Looking East

The next step in the industrial and commercial history of the town was the bringing in of additional railway lines. By the co-operation of manufacturers, merchants, and the city and county governments, the Seaboard Air Line Railway, the Southern Railway, and the Norfolk & Western Railway were given access to this market. Later the Norfolk Southern Railroad and the Durham & Southern Railway were added to the railway lines serving the city, giving a total of five railway companies with seven lines radiating in every direction.

Durham had now grown into a very prosperous and thriving community, but its citizenship was not satisfied with having purely a commercial and industrial town. The people felt the need of better schools and, in 1885, after a heated political campaign, bonds were voted for public school buildings and a tax levied for maintaining a public school system. Today Durham has one of the finest public school plants of any city of its size, with physical property valued at more than \$3,442,000, and with a personnel of teachers and management that gives it first rating among the cities of North Carolina.

In 1892, Trinity College, now Duke University, was brought to Durham through the philanthropy of Mr. Washington Duke and General Julian S. Carr. Today Duke University has a physical plant worth \$20,000,000, 3,493 students, a 575-bed hospital, and ranks among the leading educational institutions of the nation.

As the tobacco industry grew and prospered, certain persons used some of their dividends in establishing cotton mills, and this industry soon assumed a position of importance in the industrial life of the city. Later hosiery mills were established, until today Durham ranks as the first city of the South in the manufacture of full-fashioned hosiery. Other industries were added from time to time, including flour mills, fertilizer plants, iron works, woodworking plants, printing establishments, etc., until in a recent year there were engaged in industry 13,350 wage-earners, producing \$160,336,003 worth of manufactured products annually. These industries pay into the Federal treasury approximately \$70,000,000 each year. Durham today produces 24% of all the cigarettes made in the U. S.

In 1914 a program of civic improvement was undertaken, and although it was interrupted by the World War, it has now reached the point where Durham has all the conveniences of a modern city, including complete sewerage, asphalt streets, paved sidewalks, electric power, gas, the latest dial telephone service, Western Union and Postal telegraph service, American Telephone & Telegraph repeater station, insuring rapid long-distance telephone communication; a fine recreation program, and a system of water works with an impounding reservoir sufficient to care for the needs of a city of 100,000 people.

Malbourne Hotel

Any story about Durham would be incomplete without mention of the notable contribution which the Negro race has made to the industrial, commercial and civic development of the community. The progress the race has made here has been truly amazing. Under the leadership of E. R. Merriek, and later, C. C. Spaulding, and their associates, Durham's colored people have established industries, insurance companies, banks and other commercial businesses which would be creditable to any city. The labor which they furnish the city's industrial plants is intelligent and dependable. The high type of leaders among the colored people here has made Durham a conspicuous outpost in the advancement of Negro civilization.

One of the finest things about the founders of Durham is that material prosperity merely opened to them avenues of service to mankind. It has been said that more philanthropists have been produced in Durham than in any other city of the South. Watts Hospital, of 226 beds, was a gift to the city and county by Mr. George W. Watts. Lincoln Hospital, of 108 beds, is largely the gift of Mr. Benjamin N. Duke. Duke University is a living memorial to Mr. Washington Duke and his two sons, Benjamin N. Duke and James Buchanan Duke. Other philanthropists have remembered the city from time to time in ways that help in making Durham a good place in which to live and work.

Durham is today the third city in North Carolina in point of population, having 70,000 inhabitants, and is second in industrial payrolls, and second in importance in the value of its manufactured products. It is far in the lead in its educational facilities, having an unexcelled public school system and Duke University within its corporate limits, and having within a radius of a few miles the University of North Carolina, Wake Forest College, Meredith College, North Carolina State College, Peace Institute and St. Mary's.

The colored people have in Durham, in addition to excellent public schools for their race, the North Carolina College for Negroes, the only college of liberal arts for Negroes supported by taxation in the state.

All these things have been accomplished by people not especially favored by nature, but who by their determination, unconquerable will, tireless effort, and by their faith in mankind and in this community, have created a city that proudly takes its position as one of the representative cities of the new South and of America.

Both universities conduct summer schools, which are largely attended.

There is also located in Durham the North Carolina College for Negroes, the only college of liberal arts for colored people, supported by the State, in North Carolina. Enrollment for 1941-42, 776.

Convention Facilities: Hotel rooms with bath, 579; without bath, 221; total, 800. Maximum capacity of lodging accommodations, 1,374 persons; capacity in excess of ordinary requirements, 700 persons. Assembly halls, capacity, 800; ballroom capacity, 500; twelve committee rooms, auditorium, seating capacity, 1,750; Armory Auditorium, seating capacity, 2,500.

County: Durham County was created by act of the General Assembly in 1881 from parts of Orange and Wake Counties. While Durham is not a large county, it is the center of the famous bright-leaf tobacco belt. Between 35 and 57 million pounds of tobacco are sold each year on the Durham market. Tobacco is the principal money crop, although cotton, corn and truck crops also are important. Dairying has increased rapidly during the past few years. The county has good roads and splendid schools and churches.

Education: Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and business schools are rated among the best in the South by leading educators. (See Colleges and Schools).

Fire Protection: Durham has a well-equipped fire department, with four stations and paid personnel, giving Durham first-class insurance rating.

Government: Durham has had the council-manager form of government since May 4, 1921. It is admitted to be one of the best governed cities in the state.

Health: Durham has a well-organized board of health, with 38 employees, charged with the supervision of health conditions in the entire county. It has been remarkably successful in its work. The white resident death rate for 1941 was only 7.69 (colored resident, 12.5) to the 1,000. The death rate for both races was 9.3. The birth rate for white was 17.9; for colored, 25; total, 20.3. Milk, meats, water, markets, dairies, hotels and eating places are carefully inspected.

Durham Public Library

Hospitals: Watts Hospital (public, white) is one of the finest hospitals in the South; value, \$1,545,620; 226 beds; personnel of 94 physicians and 120 nurses; endowed by Mr. George W. Watts and partly supported by contributions from city and county. Lincoln Hospital (public, colored); value, \$250,000; 108 beds; personnel of all physicians in Durham who are in good standing, and 56 nurses; partly supported by contributions from city and county. McPherson Hospital (private—eye, ear, nose and throat); value, \$103,000; 35 beds and personnel of 4 physicians, 6 nurses and 4 office girls. Duke Hospital, with 575 beds, representing an investment of more than \$3,000,000, is said to be the best-equipped hospital in the world. It was opened on July 21, 1930. During 1932 the Duke Hospital Nurses' Home was completed at a cost of over \$300,000.

Hotels: Durham is unusually well provided with hotel facilities. The Washington Duke is one of the finest hotels in the South, having been constructed at a cost of more than \$1,750,000. It has 300 bedrooms, all with bath. The Malbourne Hotel—200-room capacity—is a fireproof hotel and newly furnished throughout. Other hotels are the Lochmoor, Durham (4 units) and McArthur, and the Biltmore and Jones hotels for colored people. Hotel rates, \$1.00 to \$5.00 per day; European plan.

Industries: Durham is the second largest industrial center in North Carolina, its output of manufactured products being valued at \$160,336,002 annually (U. S. Census of Manufactures). It has large tobacco industries, manufacturing such well-known brands as Duke's

Mixture and Bull Durham smoking tobaccos, and a great many brands of cigarettes, including the famous Chesterfield and Lucky Strike, and fifteen brands of Turkish cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of Durable Durham Hosiery), and the Golden Belt Mfg. Co. (manufacturers of small bags and hosiery). There are also manufactured in Durham, Erwin and White Star sheetings and pillow cases; Virginia-Carolina fertilizers; Occoneechee, Peerless and Climax flours; blank books, corrugated boxes, wooden boxes, castings and iron products, harness and saddles, bread, ice, mattresses, brick, building materials, proprietary medicines, furniture, roofing, meat-packing products and machinery. Due to proximity to source of raw materials, cheap electric power and its transportation facilities, Durham offers unexcelled opportunities for the location of industries. Durham is the home city of Camp Butner, one of the latest-constructed barracks cantonments; the Durham Air Support Command Base, and the Army Finance School.

Location: Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the state. Its terrain is slightly rolling and is well drained.

Payrolls: The payrolls of Durham exceed \$15,000,000 annually.

Recreation: Community recreation, under supervision of the Playground and Recreation Commission, supported by public taxation. Nine public parks, containing swimming pools, tennis courts, etc., 12 city playgrounds, and several large playgrounds maintained by industrial plants for the use of employees. Two 18-hole golf courses; magnificent country club; tennis and gun club; college football, baseball, basketball, track, boxing and wrestling. The schedules of Duke University and the University of North Carolina offer Durham citizens the opportunity of seeing some of the best college teams of the East and South in action. Both these universities have magnificent stadiums, that of the University of North Carolina seating 24,000, while the stadium of Duke University has a seating capacity of 40,000.

Social Agencies: Young Men's Christian Association, Young Women's Christian Association, Salvation Army, Red Cross, King's Daughters, Board of Charities and Public Welfare, Wright Refuge for Children, Junior League, Council of Social Agencies, Association for the Blind, Family Service Association, Council of Social Agencies, and Duke Legal Aid Clinic.

Streets: Durham is today one of the best paved cities in the state. The white-way lighting system in the business district is admitted to be one of the best in the South.

Taxes and Valuation: In 1942 the city of Durham had an assessed valuation of \$93,290,296, with a city tax rate of \$1.55 on the \$100. Property assessed on 75% of true value. The county of Durham had an assessed valuation of \$145,000,000 and a county tax rate of 60c. Property assessed on 75% of true value. No property tax is levied by the State.

Theatres: 5 motion-picture theatres for white, and 2 for colored. Total seating capacity, 5,490.

Transportation: Durham has five lines of railroad, radiating in seven directions. It has two lines of the Southern Railway, the Seaboard Air Line Railway, the Norfolk & Western Railway, the Durham & Southern Railway, and the Norfolk Southern Railroad. These railroads afford unusually good freight facilities. Durham is on the National Highway and the Central Highway, the principal routes between the North and South and between the East and West. Excellent bus service is maintained between Durham and Raleigh, Henderson, Oxford, Roxboro, Greensboro, Chapel Hill, Pittsboro, Siler City and Danville, Va.

Water: Durham has an ample supply of pure water. An impounding reservoir completed in 1926 stores 4,600,000,000 gallons, which, if used for no other purpose, would, at the present rate of consumption, supply the demand for a period of two years. There is no longer any danger of a water shortage. The water is excellent for domestic uses and is soft and free from iron, making it very desirable for industrial purposes.

“When In Doubt, Play Trumps”

How many times have you heard that trite statement? When in doubt about the location of an address; the proper spelling of a name; a correct address; in fact anything pertaining to your city or any other, the

CITY DIRECTORY

is your trump card. A few moments spent and a few pages turned, presto—the CORRECT information is yours. Use the Directory. Add to your efficiency by being sure you’re right.

TRADE! You like to patronize those concerns who are in business to stay.

It is natural to expect that such business establishments always stand back of what they sell.

The advertising in this Directory is suggestive of the stability and permanence of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

Above is the artist's conception of the Durham Chamber of Commerce's directors meeting in 1926 when announcement was made by the New Industry Committee that a new company—to be named Durham Dairy Products—would be established in Durham.

Durham Dairy has never regretted its decision. Durham has been good to us and in return we have never ceased attempting to improve our service and the quality of our products.

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1943

Copyright, 1943, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones. Figures in parenthesis denote old numbers. (c) denotes colored.
